INTELLIGENCE REPORT

COUNTRY Germany/Russian Zone

DATE:

SUBJECT Orenstein & Koppel, Berlin-Babelsberg

INFO.

DIST. 21 April 1947

ORIGIN

PAGES

SUPPLEMENT

1. According to SMA Order #120, a reparation price of RM 50,000 per locomotive has been set. At present the calculated cost of manufacturing a locomotive is RM 70,000; the problem of making up this deficit has not been solved as yet. The Provincial Administration has offered a credit of RM 10,000,000; so far RM 5,000,000 have been used by the concern.
2. While inspecting Orenstein & Koppel the officials noticed that the plant has been able to build up a supply of productive machines and that in addition it is manufacturing machinery for the construction of locomotive boilers for the Leningrad locomotive factory.
3. The above information was given to the Central Administration by:

Schmiedecke	Trustee and head of the works council
Oehol	Director General
Schulze	Plant director
Dome	Business manager
